Eyeport update: RCPS and potential impairment of Carrying Value of investment

Eyeport has commenced a capital raising exercise and until such time as this has completed, Eyeport is unable to repay the RCPS to the Company. As such, the Company and Eyeport are currently negotiating a further extension to the RCPS agreement on terms acceptable to AIG. AIG reserves all its rights afforded to it pursuant to the RCPS agreement. For details of the RCPS, please refer to NSX releases made by the Company on 24 September 2018 and 26 March 2019.

The Company notes that while the audited accounts for Eyeport for the period to 31 December 2018 have been received, it is likely that on current operational and financial indications, and the information received from Eyeport management, that there will be a substantial reduction in the carrying value of Eyeport in the audited financial statement for the year ending 31 December 2019.

Currently the Company's 30% equity interest in Eyeport is valued at A\$762,536, being the initial investment amount less the Company's share of Eyeport's losses since acquisition.
